

DURABLE, PROVEN STORAGE TANKS

The 60L Composite Drum is Designed for Efficient Storage, Transport, and Dispensing of Hazardous and Non-Hazardous Liquids

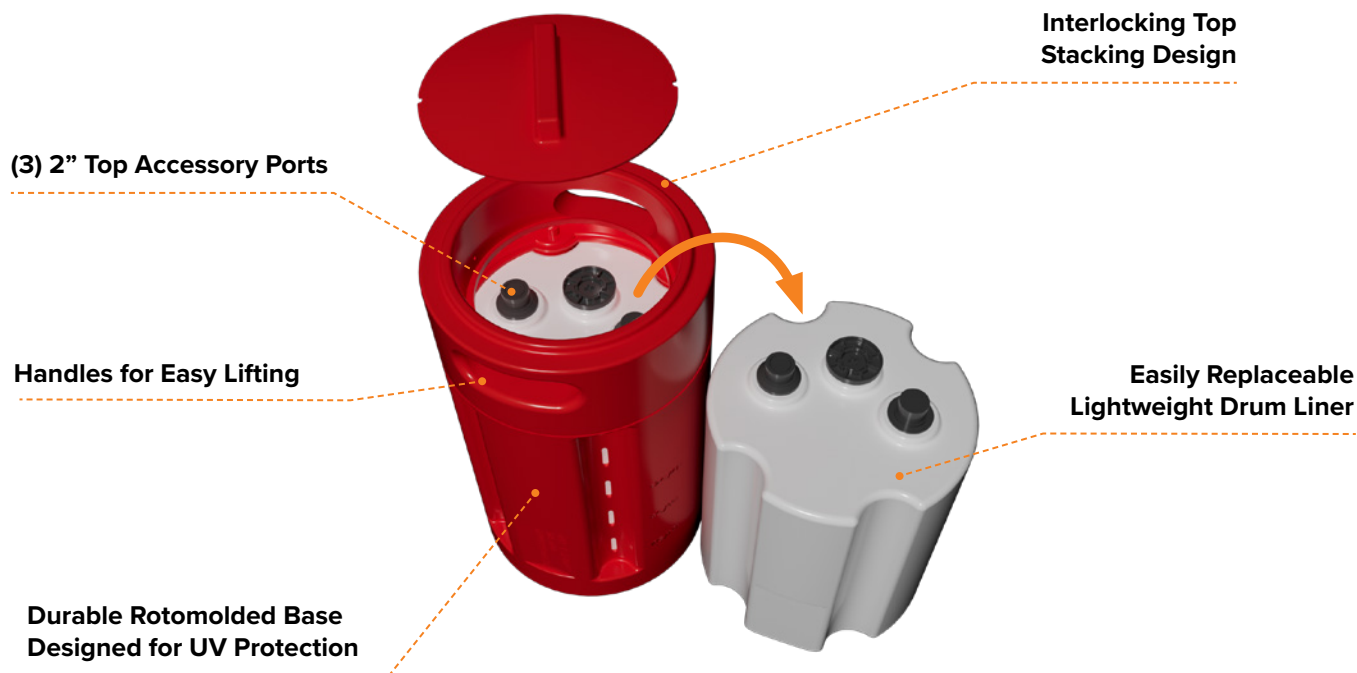

FEATURES AND BENEFITS

- **Rigid & Reliable Strength:** The Elkhart Plastics patent pending 60L Composite Drum is engineered to reduce long-term costs while offering a robust packaging solution with many features and design elements to maximize usability, reduce time, and minimize cost.
- **Easy to Use:** The Elkhart Plastics 60L Composite Drum is the first UN/DOT-certified composite drum featuring a fully replaceable liner. Designed to address a key market need, this innovative design offers a practical alternative to the traditional cleaning and reuse of liners after contact with products. With its easily replaceable liner, the 60L Composite Drum enables efficient storage, transport, and dispensing of both hazardous and non-hazardous liquids. This not only streamlines operations but also delivers significant cost and labor savings by eliminating the need for time-consuming liner cleaning.
- **Cost Efficient & Impact Resistant:** Engineered to replace the liner over many years, these 60L Composite Drums are designed to save you time and money. Additionally, all materials are LLDPE, making it easily recyclable.

SPECIFICATION CHART

MODEL	SIZE	CAPACITY
60 Liter	30.25" H x 18.25" W	60L / 15.85 gal.

UN/DOT certified, Title CFR 49 UN6HH1, 1.2 specific gravity, measured in gallons and liters. All dimensions and tare weights are approximate.
