

DURABLE, SUSTAINABLE SOLUTION FOR YOUR PACKAGING FLEET

The TUFF E-Series Delivers a Robust, Sustainable, and Cost-Effective Reusable IBC

The TUFF E-Series delivers a robust, sustainable, and cost-effective reusable IBC. Store, transport, and dispense regulated and non-regulated liquid materials repeatedly without the added cost and packaging waste of limited-use containers. The TUFF E-Series facilitates the transition to reusable packaging with a fast return on investment and the IBC functionality you need in your operation.

FEATURES AND BENEFITS

- **99.9% drainage** with extra-sloped tank design for near-total liquid evacuation, maximizing product recovery
- **TUFF LinQ® Valve connection is 30% stronger** with external threads, reducing leaks and contamination risk
- **Impact-resistant**, one-piece rotomolded design withstands stacking stress with no extra parts to fail
- **Interlocking design** enables safe stacking up to 3' during transport and storage

PRODUCT SPECIFICATIONS

MODEL	SIZE	TARE WT
275 Gallon	40" x 48" x 51.5"	218 Lbs

UN/DOT certified, Title 49 UN31H2, 1.6 specific gravity, measured in gallons and liters. All dimensions and tare weights are approximate.

Interlocking Stacking Design, 2-3 High

6" Top Fill Cap with Vacuum Vent Fitting

2" NPS Adapter Fittings

4-Way Forklift & 2-Way Pallet Jack Access

**2" TUFF LinQ® Outlet Valve
Patent 11,713,238**

30% Stronger Connection
