

# DURABLE, PROVEN TANKS

Trust the quality and durability of Industrial Chemical Tanks from Elkhart Plastics with our technical and manufacturing tank knowledge.

## FEATURES AND BENEFITS

- **Seamless, One-Piece Construction**  
 No seams or welds means no weak points, reducing risk of leaks or failure
- **Tough Tank Top**  
 Large radii and increased wall thickness prevent collapsing in the sun
- **Custom Specific Gravity (SG) Ratings**  
 Available in multiple ratings to meet a wide range of agriculture, industrial, or residential applications
- **10-year Warranty**  
 We stand behind the quality of our tanks with a comprehensive 10-year replacement guarantee
- **ANSI 61 Wall Thickness Standards**  
 Built to full specification, meeting ANSI 61 standards to deliver proven strength, reliability and safety
- **Proven Industry Leading Resins**  
 High-strength construction for durable, long life, even in harsh conditions or when storing chemicals
- **FDA-Approved**  
 Built with FDA-Compliant materials designed for safe storage of water and chemicals
